Deleting a Recording

DVR

Instructions

To delete a recording, do this:

1. Open the **DVR** application.
2. Select **Recordings**.
3. Press ► to move to the pane showing all recorded programs.
4. Select the program you want to delete, then press **OK**.
5. Select **Delete Recording**, then press **OK**:

The recording is deleted:

Using your Remote

When a recording is displayed on screen, you can use these functions on your remote:

Key	Function
Pause	Temporary stops program play. Programs can be paused for up to 30 minutes so long the current channel is not changed.
Play	Resumes the play of a paused program.
Rewind	Reverses Live TV or a recorded program. You can press Rewind repeatedly to change the rewind speed by 2, 15, 50, or 300 times.
Fast Forward	Advances a Live TV or a recorded program. You can press Fast Forward repeatedly to change the rewind speed by 2, 15, 50, or 300 times.
Stop	Returns to live TV.

Locking a Recording

By default, old recordings are automatically deleted to make space for new recordings.

To prevent a recording from being automatically deleted, do this:

1. Open the DVR application.
2. Select **Recordings**.
3. Press ► to move to the listing of recorded programs.
4. Select the program you want to lock, then press OK. The **Choose an Action** panel appears.

5. Select **Lock**:

Instructions

Silver Remote

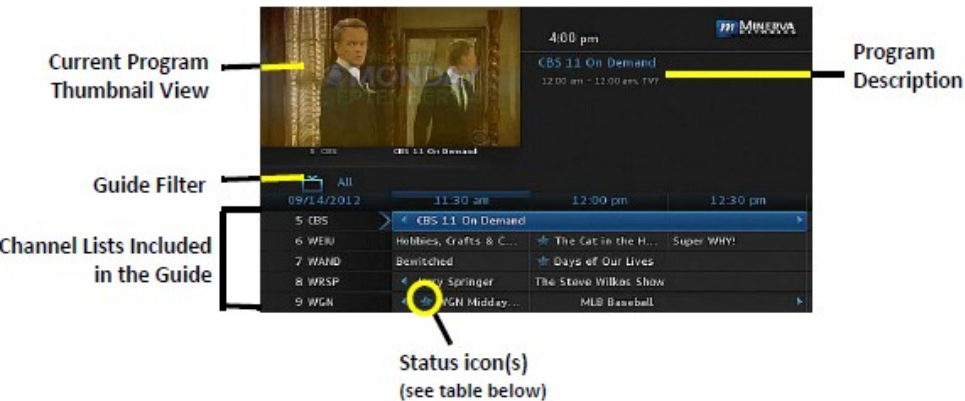

- Enter the desired channel on the remote control keypad and either wait a couple of seconds or Press the OK button on the remote control.
- Press the guide button on the remote control
 - Navigate in the guide with the up or down arrows to find desired channel
 - Press the OK button to view the desired channel.
- If you wish the onscreen guide or info to disappear press the exit key on the remote control.

View Recordings

Change TV Input/Source

The image below shows the main components of the **Guide** interface:

The table below describes the meaning of the status icons that can appear before the name of a program in the **Guide**:

Icon	Description
★	The episode is new.
●	The episode is configured for single-event recording.
⊕	The episode is set for series recording. All episodes in the series will be recorded.

Managing and Viewing Recordings

Viewing a Recorded Program

To view a recorded program, do this:

DVR

Instructions

1. Open the **DVR** application.
2. Select **Recordings**:

3. Press **▶** to move to the pane showing all recorded programs. Note the change of **Recordings** pane:

4. Optionally select one of the sort options (**Date**, **Title**, **Channel**, **Viewed/Not**), then press **OK**. Select the program you want to watch, then press **OK**:

5. Select **Play Recording**. The recording starts playing.

Scheduling a Time-Based Recording

You can schedule time-based recording. This type of recording is often used to record repeating programs that aren't part of a series.

To create a time-based recording, do this:

1. Open the **Guide** application.
2. Select the program you want to record, then press **OK**.
3. Select **Schedule Event**, then press **OK**. The **Schedule Event** screen appears:

Schedule Event

To edit, highlight the item. Press OK and use the arrow keys to change the settings. Press OK again to end the edit.

The Doctors

Ch: 11 WAAY For: 01 hrs 00 mins

On: 02 05 At: 12 h 00

Type: Reminder

Freq: Single

OK Cancel

4. Press **▲**, **▼**, **◀**, **▶**, and **OK** to set appropriate values for Channel (**Ch.**), **For**, **On**, and **At**.
5. If **Type** doesn't already indicate **Recording**, select **Type**, then press **OK**. Select **Recording**, then press **OK** again.
6. Optionally set the **Freq.** value to configure the recording to occur at regular intervals.
7. Press **OK**. The time-based recording is now set.

DVR

Instructions

Navigating the Guide

While the **Guide** is displayed, you can use your remote to find channels in the following ways:

- Enter the channel number directly using your remote.
- Press **▶** and **◀** to scroll through the **Guide** forward and backward in time.
- Press **▲** and **▼** to scroll to different channels.

Tuning to a Channel

To tune to a channel while the **Guide** is displayed
Press **OK** on the remote control when you find your desired channel

Changing the Guide Filter

While the **Guide** is displayed, you can press the **Guide** to cycle through available **Guide** filters. Examples of the filters include:

- **All** displays all channels.
- **Subscribed** displays only subscribed channels.
- **SD** displays only standard definition channels.
- **HD** displays only high definition channels.
- **Favorites** displays a list of favorite items that you

Recording a Live Program

Instructions

To record a live (presently broadcasting) program, do this:

1. Open the **Guide** application.
2. Select the program you want to record, then press **REC** (record).

● appears next to the program as shown below, and the program is being recorded:

Scheduling a Recording

To schedule the recording of a single program or episode that starts in the future, do this:

1. Open the **Guide** application.
2. Select the program you want to record, then press **OK**. A list of options appears:

3. Select **Record Program**, then press **OK**. The options close, and the record icon ● appears next to the program.

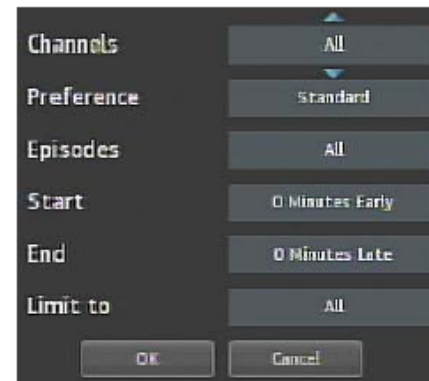

Scheduling a Series Recording

You can schedule the recording of program episodes that your set-top box recognizes as being part of a series. To do this:

DVR

1. Open the **Guide** application.
2. Select the program you want to record, then press **OK**. **Instructions**
3. Select **Record Series**, then press **OK**.

The panel shown below appears. The interface includes settings for **Channels**, **Preferences**, **Episodes**, **Start**, **End**, and **Limit to** values:

4. Select the default value of each setting you want to change, then press **OK**. Press ▲ and ▼ to scroll between value options. Press **OK** to accept the value you want to use.
5. When all settings are in place, select **OK**, then press **OK**. The series recording is scheduled.
